ANTHONY J MARRERO

SENIOR ENGINEER

Mr. Marrero specializes in building and Geo-structural systems. His experience includes but is not limited to earth retention systems, new ground-up buildings, renovations, tenant fit-outs, and structural investigation services. Mr. Marrero is best known for his ability to tailor his experience and services to meet the needs of architects, contractors and State DOTs within both the private and public sector. One of his most notable projects is the renovation for the New York City Corp building.
